Boxette is a part of international logistics business group, that combines several brands. One of them, called Easyxpress, is considered to be one of the market leaders in retail parcel delivery services from the US to Ukraine. Our benefits:- We provide the whole bundle of services that can be interesting for online sellers worldwide. Namely: *Transportation service from China to all popular routes* Inspection services and storage in China* FBA prep-center in the USA* FBM in the USA- Our warehouse is situated in duty free state of Delaware, that is extremely interesting for OA/wholesale sellers as they can save 7-8% tax on their goods.- Amazon usually receives stock to their nearby warehouses, that are less busy and process entries faster.- UPS pick up comes to our warehouse everyday. Therefore, stock can be sent to Amazon warehouse without any delays.- All our clients have access to our 3PL software. Therefore, they have clear understanding of their stock storage and shipping/receiving orders.- Our warehouse can be integrated with majority of global online trading platforms. Therefore, shipping orders can be received and processed automatically.- Our support desk communicates in 3 languages and is always ready to help with any standard or non-standard request. Boxette team is able to become a sustainable partner for your business rapid growth!
